Australian Apprenticeships in the ACT Building and Construction, Electrical and Horticulture Industries

Thinking about a career? If you enjoy practical work, the opportunity to work with your hands and outdoors, think about an Australian Apprenticeship in the building and construction, electrical or horticulture industries.

Australian Apprenticeships combine practical work with structured learning to give you a nationally recognised qualification and the experience you need to get the career you want.

Australian Apprenticeships are a stepping-stone to further education and training and a great way to get a head start in the building and construction, electrical or horticulture industries. There are many trade areas to choose from, including:

- Bricklaying
- Cabinet Making
- Carpentry
- Civil Construction
- Concreting
- Contract Administration & Supervision
- Electrical
- Glass and Glazing
- Horticulture (landscaping, turf and park & gardens)
- Painting and Decorating
- Plastering
- Plumbing
- Refrigeration and Air-Conditioning
- Roof Tiling
- Sign Design
- Stonemasonry
- Wall and Floor Tiling

National Qualification

Australian Apprenticeships give you the skills and experience to start your career with a valuable qualification recognised by employers throughout Australia and overseas.

Australian Apprenticeships are 'competency based' which means you can complete your training faster if you reach the required skill level. Off-the-job training is provided by a registered training organisation which your employer and you select.

Starting an Australian Apprenticeship in the Building and Construction, Electrical or Horticulture industries

One of the many advantages of Australian Apprenticeships is that you can earn a wage while you train. You may be able to start an Australian Apprenticeship in building and construction while at school. Your careers adviser and teachers will know if you are able to do an Australian Apprenticeship while still at school. They can also assist you with an Australian Apprenticeship by helping you to choose the most suitable subjects.

How to find an Australian Apprenticeship

ACT Building and Construction Industry Training Fund Authority

As a first step in finding out about Australian Apprenticeships in the ACT building and construction, electrical and horticulture industries, the Training Fund Authority can 'put you' in the right direction by advising you on the most appropriate contacts and websites to assist you to obtain the information you require.
